

- three types of groups; those interested in:
 - Games Leadership- play facilitation and learning games. have them play together in a quitting and joining, game sharing session
 - Festival- interest in or already planning a festival or community event
 - Adapting for Special Populations or Situations- have them identify goal, road blocks, solution ideas, first step, best ideas of entire group

PLAY IN LIFE

- + for use at three-day trainings or camps
- + in small groups have people remember childhood memories of play, what play was for them when they were young; have them outline the themes of plan and how those now relate to their life (eg, scoring and how in real life they determine success -- is it the amount of money they make rather than the quality of life)

NEW GAMES FOUNDATION INFORMATION

It is recommended these items be divided into several "lumps" and talked about at different appropriate times throughout the training. Experience shows the overkill/lecture on the last day at 4:55 p.m. isn't too effective.
